ABOUT ME

Welcome to my store and thank you for making this purchase! I sure appreciate it and I hope the resource helps you and your students.

I have spent most of my life in schools! My career, my desire to travel and my love of change took me all over the United States! I started out as a non-degree teacher in a Catholic school for exceptional children. Upon finishing my teaching degree I moved to public schools and taught in Maryland and Montana. I had the greatest experiences teaching in one and two room schools in the eastern part of Montana. I started my career as an Administrator in Montana as a County Superintendent after obtaining my Masters Degree in Ed Admin from the University of Montana. I continued my travels to the schools of Maine and West Virginia where I was principal, county office director, Technology Integration Specialist, a Reading First Mentor, and a classroom teacher. I've done lots during my long career but now I am retired and loving that!
